## Rakesh Jhunjhunwala's roaring presence in investor calls, TV channels will be missed: Analysts

In an interaction with a media channel, Rakesh Jhunjhunwala last year said that it will take another 15 years for the country to become a superpower.

Big Bull Rakesh Jhunjhunwala was known for his belief in the India growth story and his aggressive views related to equity markets. Market watchers think that the presence of the ace equity investor, who passed away on August 14, will be missed. With an investment of over Rs 31,000 crore in the Indian equity market, Jhunjhunwala was among the top investors in the country.

Vijay Kalantri, Chairman - MVIRDC World Trade Center Mumbai and President, All India Association of Industries said, "Jhunjhunwala made an unparalleled contribution to India's capital market and his loss is irreparable to the Indian economy. Several small and large enterprises have benefitted from his visionary investment ideas and business skill."
