

Cordially invite you to the
Seminar on
THE BRIDGE TO CORPORATE EXCELLENCE

5th July 2018 | Time: 3:00 pm - 5:00 pm
at Centrum, 1st Floor, WTC Mumbai

Corporate Excellence is often described as outstanding practices in managing the organisation and achieving results, based on a set of fundamental concepts. These practices have evolved into models for operating a world class organization. These models have been developed through extensive study of the practice and values of the world's highest performing organisations. Moreover these models are internationally recognised as both providing a framework to assist the adoption of business excellence principles, and an effective way of measuring how thoroughly this adoption has been incorporated.

A certificate programme is designed by Management Development Institute (MDI), the skilling arm of the **Missorie State University**, Springfield, U S A, to help corporate and individuals to master their Business Administrative Skills and to understand better the need of today's corporate both from the Indian as well as the international perspective . This programme provides learners with an integrated "Big Picture" approach to business which covers its most functional areas. It provides them with the essential knowledge of the nature of business and its application. It benefits users by increasing job efficiency, cross functional awareness and qualifying for management positions.
